Figure 1

If the floor is not perfectly even, the furniture may not sit level causing it to wobble. If the piece wobbles, determine which corner does not touch the ground correctly. With two people follow these steps:

- Carefully elevate the item slightly to provide access to the levellers attached to the bottom.
- Turn the levellers in an counter-clockwise direction.
- Gently set down the piece and check stability.
- Repeat steps until the furniture sits firmly on the ground.

CARE INSTRUCTIONS:

- Dust often using a clean, soft, dry lint-free cloth.
- Blot spills immediately, and wipe with a clean, damp, cloth.
- We do not recommend the use of chemical cleansers, abrasives, or furniture polish on our lacquered finish.
